

ATLAS[®]-C NON TOXIC

Performance

- Very light and flexible hose.
- Easy to handle and roll up.
- Excellent resistance for use with salt water, dirty water, etc.
- The outer fabric is not degraded by ultraviolet rays or high concentrations of ozone.
- Substantially improves resistance to abrasion and chemicals.
- Resistant to pressure thanks to its circular weave construction.
- Personalised markings with a minimum order.
- Available with various international certifications.

Uses

- Hose for food use.

Construction

Interior lining:

PVC or PU atoxic interior lining. Formulated to withstand the harshest climatic conditions and the flow of the most aggressive liquids.

Minimal flow loss thanks to its smooth walls.

Exterior fabric:

Circular weaved outer layer made from high tenacity polyester thread. Flat fabric with no defects (broken threads, knots, etc.)

Exterior permeation:

Yellow PU-based emulsion.

ATLAS[®]-C NON TOXIC
